JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

208. Should any communicable disease requiring quarantine or isolation or any unusual amount of illness break out in any camp the nearest health officer within whose jurisdiction the camp is located shall at once be notified by the person in charge.

Boarding and Construction Cars—Sanitation of. (Reg. Bd. of H., May 16, 1913.)

209. Boarding cars, camp houses, or any wooden structures used in connection with any camp shall have all walls and ceilings whitewashed every three months, or painted every six months; the floors thereof must be scoured with soap or other cleansing agent and water at least twice a week, and said dwellings shall be constantly maintained in a sanitary condition free from vermin.

210. Boarding and construction cars shall be kept in a clean and sanitary condition at all times, and due regard shall be had for the comfort of those employed in and on such cars. Flies and mosquitoes shall be screened against, and water and food protected against contamination from any source.

211. All bunks or beds shall be kept clean and thoroughly aired every day.

212. Pure and wholesome water shall be furnished in sufficient quantities for drinking and domestic purposes at all times.

213. No nuisance shall be committed on any boarding or construction car which is repugnant to the senses.

Privies and Cesspools—Construction, Maintenance, and Disposal of Contents. (Reg. Bd. of H., May 16, 1913.)

214. In cities, towns, and villages, incorporated or unincorporated, all human excreta shall be deposited in sewers, cesspools, vaults, septic tanks, dry closets, or incinerators of special construction.

215. All cities and towns not now operating a sewerage system shall, before undertaking the installation of such system, present the proposed plan, together with the plan for the proposed final disposal of sewage, for the approval of the State board of health.

216. Cesspools and vaults shall be of water-tight construction for holding excreta, and be made fly proof, and whenever the contents reach within 2 feet of the ground surface must be cleaned out to the bottom. They shall at least once a year, and at such other times as may be considered necessary by the health officer, be thoroughly emptied and cleaned.

217. Cesspools and vaults shall be constructed in accordance with plans and specifications approved by the State board of health.

218. No part of the contents of any privy shall be removed therefrom nor shall the same be transported through or over any streets or highways except as the same shall be removed and transported by means of some air-tight apparatus, pneumatic or other process, so as to prevent the contents from being agitated or exposed to the open air during the process of such removal or transportation.

219. Where persons are employed or intended to be employed in any trade, occupation, or business there shall be provided sufficient and suitable privy accommodations, having regard to the number of persons employed or in attendance; and also where persons of both sexes are employed or intended to be employed or in attendance sufficient and separated privy accommodations shall be provided for each sex.

220. The term "privy" shall be held to mean any building or part of a building used or intended to be used for the reception of human excreta and which is not connected with the public sewer or some duly authorized system of sewage disposal so as to immediately remove such material from such building.
